

Villa Giunone represents the ideal location for guests looking for a **private property** for them and their family but would like the **benefit of** restaurants nearby, fitness club and **other activities**.

A **resort villa** can provide the best of both worlds with individual villas, but all within close proximity to the resort facilities. Holiday Resorts are a great way of keeping the whole family happy.

Villa Giunone is the top villa of a Boutique Resort immersed in the **UNESCO** landscape of the **Valley of the Temples** in Agrigento, from which it is only 1.5 km away.

This Suite **Villa with private pool**, boasts an amazing view of the Temple of Juno.

The guests of the villa, in addition to the private pool, will enjoy of all the hotel facilities, including an outdoor swimming pool overlooking the Valley with a swim-up bar, a gym, and a panoramic restaurant, where the chef uses organic products from the area and from the resort honers' farm as well as herbs from the hotel garden to satisfy the palates of each guests.

The resort is **completely eco friendly using photovoltaic and solar thermal energy** trying to balance consumption and production. Above all, the owners - a young and learned architect and its wife - give a "new life" to water by means of a natural phyto-purification plant, recovering all the water that the structure would have to dispose of.

They enhance the **products from their own farm**, such as pistachios, almonds, oil, etc., but they also create synergies with the best companies in the area.
